

## **IRAN**

**Project No: 2017-IRNTRANS-406**

**Project Title:** Feasibility Study of Iran-Caucasus Transport Corridor

**Project Owner:** Ministry of Roads and Urban Development of Iran

**Partner Countries:** Azerbaijan, Turkey

**Cooperation Area:** Transport and Communications

**Implementation Year:** 2018

**Project Purpose:** The 33<sup>rd</sup> COMCEC Ministerial Session adopted a Ministerial Declaration to improve transnational transport corridors in the OIC member states. Following the recommendations in the respective declaration, this project was designed to analyze the potential for a transnational transport corridor in the Caucasus region. The project aimed to find the major bottlenecks, assess funding requirements and enhance the cargo transportation in the region.

**Project Activities:**

- Research Report on transnational transport corridor in the Caucasus region
