

MALAYSIA

Project No: 2018-MYSAGRIC-489

Project Title: Capacity building on warehousing and storage management

Project Owner: Malaysian Agricultural Research and Development Institute-Ministry of Agriculture

Project Partners: Indonesia, Bangladesh and Turkey

Cooperation Area: Agriculture

Implementation Year: 2019

Project Purpose: One of the policy recommendations adopted in the 33rd COMCEC Ministerial Session in the field of agriculture is “Providing need based capacity development support and training to farmers and farmer associations for increasing their access to warehousing and storage capacity”. In line with this policy recommendation, the project aims to increase technical knowledge of farmers and farmer associations.

Project Activities:

- Study visit to Turkey to gain information about warehouse and storage of seeds and fresh products
- Training on warehouse and storage of selected crops (seeds and fresh produces)
- Workshop on improving current status of the partner countries on warehousing and storage management
