

TURKEY

Project No: 2019-TURTRANS-638

Project Title: Implementation of International Maritime Conventions

Project Owner: Ministry of Transport and Infrastructure

Project Partners: Algeria and Tunisia

Cooperation Area: Transport and Communications

Implementation Year: 2020

Project Purpose: One of the main pillars of COMCEC strategy is to strengthen solidarity among the Member States by building institutional framework to promote economic and technical cooperation, share experiences and good practices. Besides, "Developing/Improving an enabling legal, institutional and regulatory framework for ensuring effective coordination and cooperation among the relevant countries and for achieving reform-demanding objectives" is one of the policy recommendations adopted in the 34th COMCEC Ministerial Session. This Project aims to realize this recommendation by establishing an Implementation Committee and providing training for capacity building.

Project Activities:

- Training program on the implementation and fulfilment of International Maritime Agreements
- Workshop on implementation problems arising at the stages of implementation of International Maritime Agreements and their technical annexes
